

Make a Cross Card

Print NIV or KJV file

Print on cardstock

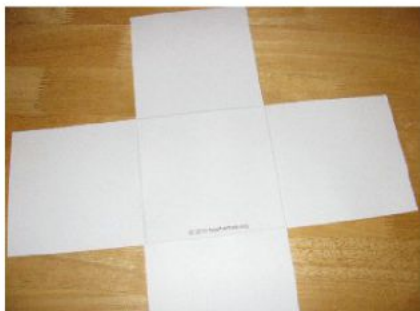

Cut out all files and have glue or glue stick available. Lay them out on a table in the shape of a cross

Glue cross tabs to sides on bottom of the top part of cross.

Glue the bottom part of the cross to the bottom of upper part.

Turn the cross over so that printing is down. Glue the square with only the copyright on it to the center part of the cross

Turn the cross over so that the printing is up. Fold the bottom part of the cross up toward the center of the cross.
